1. INTRODUCTION

The University is committed to promoting the safety and wellbeing of Children who are entrusted to the University’s care, who participate in University Programs, or who are present in University facilities. The purpose of this policy is to describe the University’s expectations of faculty, staff, students, alumni, volunteers and others associated with the University when interacting with Children, and to set forth criteria for Units when Sponsoring Programs involving Children to ensure their safety while in the University’s care.

2. POLICY STATEMENT

While the University strives to provide a safe environment for all those participating in University Programs or otherwise present in University facilities, Children are a particularly vulnerable population and require additional preparation and vigilance. To that end, the University has established the following criteria.

2.1 Individually Interacting with Children

1. Behavioral Expectations

The behavior of University faculty, staff, students, alumni, volunteers and others associated with the University, is expected to align, at all times, with the University’s [core values](#) and the specific expectations for interacting with Children found in Appendix A. Adults must be positive role models for Children, and act in a caring, honest, respectful and responsible manner.

2. Duty to Report Suspected Abuse and/or Inappropriate Behavior

Indiana law requires anyone who has reason to believe that a Child is a victim of child abuse or neglect to make an oral report immediately to the local child protection service or the local law enforcement agency. If the Child is on the Notre Dame campus, the appropriate law enforcement agency to contact is NDSP (574-631-5555). If the Child is not on the Notre Dame campus, the best way to contact the appropriate law enforcement agency is to call 911.

Separate from any legal duty, any member of the University community should contact NDSP (574-631-5555) or the Integrity Line (800-688-9918) to discuss any suspicious, inappropriate or unusual conduct involving a Child while the Child is on campus or is participating in a University-connected activity off campus that would lead a reasonable
person to have concern for the current or future well-being of that particular Child or other Children.

2.2 Programs Involving Children under Sponsorship, Direction, or Control of University Unit

The following requirements apply to all Programs and events Sponsored, directed, or otherwise under the control of a University Unit:

A. Background Checks

The University Unit must ensure that all non-student volunteers and non-university employees affiliated with a Program or event involving Children have been subject to a criminal background check and a check of the national sex offender registry. Additionally, the University Unit must ensure that any University Representative who will be present in a facility with Children during an Overnight Stay as part of the Program undergo a criminal background check and a check of the national sex offender registry every three years. The Office of Human Resources, in consultation with the Office of General Counsel, will review any adverse findings revealed during a criminal background check or national sex offender registry check and make appropriate recommendations.

B. Student Volunteers

The University Unit shall be responsible for requiring each Student Volunteer affiliated with a Program or event involving Children to complete a sworn statement, included in Appendix D of this policy, concerning the student’s criminal history. The University Unit shall review each Student Volunteer’s completed sworn statement and determine whether to disassociate the student from the Program on the basis of any responses contained in his or her completed statement. If a University Unit would like guidance on how to address any particular response contained in a completed sworn statement, the University Unit should contact the Office of General Counsel. The University Unit shall maintain a copy of each completed sworn statement for a period of 15 years after the date of signature.

C. Overnight Stays

University-Sponsored Programs involving Children may not include overnight stays off campus without express permission from the Office of Risk Management, which can be reached at 574-631-5037. When a Program will involve Children staying overnight on campus, Units must assign a Responsible Party for on-site supervision of Children.

In addition to the foregoing requirements, all University Units that Sponsor, direct, or control Programs or events involving Children shall be required to adhere to other established procedures and standards for such Programs, which procedures and standards are dependent on the nature of the Unit as described further in this section.

2.2.1 Major Units
The following Major Units at the University shall develop an Operating Procedures Manual for Programs and events involving Children that are Sponsored, directed, or controlled by the Unit:

- Department of Athletics
- Enrollment Division (including Pre-College Programs)
- Center for Social Concerns
- Robinson Community Learning Center
- Student Activities Office
- Recreational Sports Department

Each Major Unit’s Operating Procedures Manual shall be submitted by the Major Unit to the Office of General Counsel for initial review and approval. Upon approval, the Operating Procedures Manuals will be maintained in the Office of Risk Management, as well as in the responsible Unit. At a minimum, each Major Unit’s Operating Procedures Manual shall address the following topics:

a. Process by which Programs and events involving Children will be reviewed and approved within the Major Unit
b. Process for educating and training University Representatives involved with Program on the University’s core values and behavioral expectations (see Appendix A) along with: duty to report; insurance, waivers and other requirements of the Office of Risk Management; and other applicable University policies and best practices
c. Process for registering Children, collecting parent/guardian contact information, and collecting waivers when Program or event involves University exercising Custody over Children
d. Process and standards for Overnight Stay component of any Program or event involving Children that the Unit Sponsors, directs, or controls, which must include designation of a Responsible Party for on-site supervision during Overnight Stay
e. Process for intake and release of Children when Children are left under University’s Custody by parent/guardian
f. Process and schedule for internal audit of Unit’s compliance with Operating Procedures Manual
g. The Sponsoring Unit shall develop procedures for monitoring the health of Children participating in Programs and referring Children for medical care as deemed necessary, and reporting all such referrals to the Office of Risk Management. Either the Office of General Counsel or the Office of Risk Management may suggest revisions to the suggested procedures in order to ensure general consistency in practice among Programs.
i. While a Unit Sponsoring a Program involving Children may require proof of insurance as a condition of participating in a Program and even identify satisfactory providers for participants, the Unit should not directly arrange for full medical insurance for the Children, pay any medical bills for the Children, or bill for any services related to health issues without obtaining prior approval of the oversight function (which approval would not
ordinarily be given).

Appendix B sets forth a template for Major Units to utilize in developing an Operating Procedures Manual tailored to the specific features of their respective Programs and operations.

2.2.2 Other Units Sponsoring Programs Involving Children

All other University Units that Sponsor, direct, or control Programs or events involving Children must register each such Program or event with the Office of Risk Management at least 30 days prior to the Program’s or event’s commencement. For a Program or event involving a Child to be supported by the University, the Other Unit Sponsoring, directing, or controlling the Program must follow the implementation checklist provided in Appendix C.

2.2.3 Other Academic Units Sponsoring Programs Involving Children

The Academic Council has adopted the following Policy Statement:

This Policy Statement establishes that all of the requirements and procedures set forth in the University’s Protection of Children Policy that are applicable to non-Academic Units shall be applicable to Academic Units, with the following additions:

(a) On an annual basis, Deans shall notify their respective faculty of the Protection of Children Policy and of their faculty responsibilities under the Policy.

(b) Deans may establish educational requirements for their respective faculty to promote awareness of their duties and obligations under the Policy. Upon request, the Office of Risk Management will provide Deans with materials about the Policy that can be utilized for such educational purposes.

2.3 Third-Party Use of Facilities for Programs Involving Children

All Units permitting third-party use of University facilities for Programs Involving Children must appoint a Responsible Party in the Unit to function as a liaison to the third-party entity. The Responsible Party shall ensure the execution of a facility use contract that has been reviewed and approved by the Office of General Counsel, verification of insurance and waiver compliance, and shall communicate with affected departments (e.g. NDSP) as needed.

3. SCOPE

This policy applies to all University faculty, staff, students, alumni and volunteers and to all situations where a University department, faculty, staff, student, alumni or volunteer is Sponsoring, directing, staffing, or permitting the use of University facilities or resources for a Program, event, or activity involving Children under the auspices of the University or one of its Units, departments, or offices.
