Introduction

The Procard simplifies the purchasing and payment process by permitting Procard-holding faculty and staff to place orders directly with vendors using a MasterCard, similar to a personal credit card transaction. However, the cardholder does not receive a monthly invoice/credit card bill and is not required to submit an invoice or reimbursement request to Accounts Payable for processing. Instead, the University makes a monthly wire transfer payment to the credit card-issuing bank (JPMorganChase) for all outstanding Procard transactions. Cardholders access the detail of their individual Procard charges on-line and verify the accuracy and classification of the charges. Cardholders are required to provide supporting documentation and note the related business purpose of the expenditures.

Each Procard is assigned to an individual—never to a department. All charges are directed to a FOAPAL, as indicated by the cardholder when preparing his/her monthly statement report. This is done via Concur (see *Procard in Concur Quick Reference Guide*). Cardholders may direct individual charges to any active FOAPAL, or allocate a charge amongst multiple FOAPALS, if desired.

Although the cardholder has purchase authority, a Procard transaction is a direct use of University funds and the Supervisor or Budget Administrator retains responsibility over those budgeted funds. An integral part of Procard procedures is the supervisor review of monthly activity for all cards in their area of responsibility. The supervisor's review must include:

- Ensuring the appropriate business purpose of each transaction is clearly stated;
- Ensuring proper submission of purchase documentation (e.g., receipts) with the monthly statement report, where required; and
- Approving the submitted statement report on a timely basis.

General Guidelines

The following guidelines must be observed regarding proper use of the Procard in conjunction with the University's procurement policies and procedure—as well as Federal procurement policies for those Procards used in connection with grants and contracts. For further information about these policies, please contact Procurement Services at 631-4BUY, or <http://buy.nd.edu>.

Procards may not be used to circumvent the University's strategic vendor relationships. Procards may be used for purchases from non-strategic vendors only if a strategic vendor cannot provide the product. A list of the University's strategic vendors can be found at <http://buy.nd.edu>.

- Employees enabled to use *buy*ND (the University's eProcurement system) should utilize on-line catalogs for purchasing needs when available rather than using Procards on vendor Web sites (e.g., Office Depot, GovConnection).
- Procards may only be used to purchase services if the services are being performed outside of University property or, if performed on University property, the vendor has a contract and/or current insurance certificate.

Eligibility for a Procard

Generally, only **full-time** faculty and staff whose job responsibilities require them to make direct purchases should apply to receive a Procard.

- The Procard should only be used by the individual whose name appears on the card.
- Cards and card numbers must be safeguarded against use by unauthorized individuals within or outside the University.
- It is not necessary for every eligible departmental employee to receive a Procard—typically it should be the individual(s) making the majority of departmental purchases.
- Since the Procard is a University (rather than a personal) credit card, approval is not contingent on—nor will it impact—the cardholder’s personal credit history.
- The cardholder is required to read the *Procurement Card Policies and Procedures* and adhere to all guidelines therein.

Eligibility exceptions

In limited circumstances, Notre Dame graduate students and contract, part-time, or temporary employees may also receive a Procard. Such instances are rare and these applications should document the specific need and must be approved by their immediate supervisor, budget administrator, and the Procard Administrator.

To obtain a card, an individual must:

- Complete the Procard Application. The application must be approved by the applicant’s supervisor and/or budget administrator;
- Personally attend a Procard Orientation Session; and
- Sign a Procard Cardholder Agreement Form.

Note: A University Procard is not a benefit of employment. The University reserves the right to terminate individual Procard privileges at any time.

Applying for a Procard

Eligible University faculty and staff who would like to apply for a Procard must complete the on-line Procard Application. The form is available at <http://procard.nd.edu>.

Cardholder responsibilities

The cardholder is responsible for the propriety of all charges made to the card and may not assign a card or card number to an unauthorized person.

Since the Procard is paid directly by the University; it is to be used only for University expenses. Use of the Procard for personal or non-business related expenses is strictly prohibited.

Accept/dispute charges

Cardholders should review all Procard charges as they are posted to the monthly statement report (Concur notifies cardholders via email every time a transaction is posted to the statement). Any disputed charges should immediately be communicated to the Procard Administrator or to JPMorganChase (866-316-6056).

On-line statement review and submission using Concur

All Procard transactions are posted to a monthly Statement Report in Concur (available on-line via insideND). Cardholders are required to ensure that all transactions are properly documented and directed to the appropriate FOAPAL. Each month, all Procard holders are required to submit their Statement Report to a designated departmental approver for review and approval via Concur. Statements are for the monthly period ended on the 25th (the Procard monthly cycle is the 26th through the 25th) and **should be submitted by the end of the calendar month to ensure processing by the month-end accounting close.**

Once approved, the transactions will be recorded in the University accounting system (Banner) by an automatic overnight process. Therefore, it is important to ensure charges are reviewed and associated with the proper FOAPAL prior to submitting via Concur.

Misuse of Procard privileges

The Procard is to be used for legitimate and necessary business purposes only; **personal charges of any kind are strictly prohibited.** Improper use of the Procard may result in disciplinary action up to and including termination of employment and civil and/or criminal penalties. In the event of improper charges to the Procard, the University will seek restitution from the cardholder. Repayment may include deductions from wages or other amounts payable to the cardholder or may require other steps necessary to permit the University to collect any amounts owed by the cardholder. Further, departmental budgets will be charged for any charges as a result of employee misuse.

Accidental personal use

In case of accidental personal use of a Procard, please notify the Procard Administrator as soon as possible. The following process should be followed to correct the mistake:

- The cardholder should send a personal check, payable to the University, to the Procard Administrator for the total personal purchase amount.
- In Concur, designate the erroneous charge's Expense Type as **Supplies (72001)**—**do not delete the transaction from Concur**. This is the account to which the Procard Administrator will deposit the reimbursement check, thus negating the charge to the departmental budget.
- Note in the Comments section that the charge was a personal charge and that reimbursement to the University has been made. A receipt is not necessary—but a copy of the reimbursement check attached as a receipt would be helpful.

Lost or stolen cards

Lost or stolen Procards must be reported **immediately**. The University is liable for all Procard transactions until a card is reported lost or stolen, so time is of the essence. In such cases, **cardholders must promptly notify JPMorganChase at (800) 316-6056** (representatives are available 24 hours a day, 7 days a week), call or e-mail the Procard Administrator (631-4645 or procard@nd.edu).

Leaving the University or changing departments

If the cardholder leaves the University, he/she should notify the Procard Administrator immediately to determine when to cancel the Procard and to ensure all outstanding statements are completed and submitted.

If a cardholder transfers to another department, and the new supervisor determines that a Procard is required in the new position, the cardholder should contact the Procard Administrator to update information on the Procard and in Concur. If no Procard is required in the new position, the card will be canceled.

Card Reissue

Procards are issued for three-year periods and renew automatically. Cards are reissued approximately 30 days before expiration and are sent to the Procard Administrator, who will forward the cards to the cardholders via campus mail.

Cardholders who have seldom used the card in the preceding period may have their account closed rather than the card reissued.

JPMorgan Chase Fraud Alert

You can enroll to receive fraud alerts on your Procard account from JPMorgan Chase at ccalert.jpmorgan.com. When Chase identifies suspicious activity on your card, they will alert you via mobile SMS text message, email, and/or a phone call. You will be able to quickly reply to validate transactions without having to contact customer service.

Predetermined transaction limitations

In the event a Procard is ever compromised, each card has transaction limits. Transaction limits vary by user based on anticipated card use. Requests to adjust these limits to accommodate user needs should be directed to the Procard Administrator. These controls include:

Spending limits

- **Single transaction limit.** Multiple charges or splitting a transaction to purchase a single item exceeding the single purchase limit are not permitted; and
- **Monthly credit limit.** The total spending limit for the month ending on the 25th.

Velocity limits

- Limits on the **number of transactions per day**;
- Limits on the **number of transactions per month** (ending on the 25th).

Restricted merchant codes

In order to control the general types of purchases on a Procard, the University has established a default list of excluded merchant types that would not typically be an appropriate University purchase. See **Appendix A, Restricted Merchant Commerce Codes**, for a complete list of MCCs and those blocked at the default level.

When a vendor processes a transaction, it is approved or declined based on the above criteria (spending limit, velocity limit, restricted merchant code) associated with that Procard. Individual card limits are based on the normal expected usage of the cardholder and they can vary markedly between individuals and departments and can change over time.

The Procard is intended to be a flexible tool for departmental procurement. If a Procard's limits constrain its effectiveness for reasonable departmental use, please contact the Procard Administrator to discuss modifications to the card's limits.

The Procard Administrator reserves the right to adjust existing limits and restrictions at any time.

Allowable transactions

While Procard use will vary by University departments, typical Procard purchases include:

- miscellaneous supplies
- office equipment (excluding computers or tablets)
- flowers
- refreshments for office meetings

Note: the purchase of food from restaurants to bring **on campus** for meetings (box lunches, pizzas, etc.) **is permissible** with a Procard. However, the use of your Irish1Card for these types of purchases is preferred as the University is not subject to credit card transaction fees when using your Irish1Card. More information on the use of this card can be found [here](#).

- conference fees
- professional organization dues

Sam's Club purchases

Notre Dame has an agreement with the Mishawaka Sam's Club whereby **departmental purchases** are available using the Procard. The Procard is recognized as your "departmental membership card" and will gain you entrance to the store. The Procard must also be used to complete your purchase. Please check in at the Customer Service desk and alert the representative that you are making a University purchase with a Procard.

Note: the Procard is not an individual Sam's Club membership card and is not accepted solely as a membership card where other forms of payment are used at checkout.

Restricted transactions

While there are myriad transactions that are, in appropriate circumstances, allowable uses of University funds, certain expenditures should not be made using a University Procard. Typically such transactions require a review to ensure their compliance with internal and external policies, such as travel, entertainment, and those with tax consequences. Since Procard reports are not subject to review by the Accounts Payable Compliance department, such transactions are better suited for a check requisition or expense report, which require review by the Accounts Payable Compliance Department.

The following transactions are **not permitted** on the Procard:

- **Travel and entertainment** (airlines, hotels, car rentals, restaurants for entertaining colleagues, railroads, buses, taxis, tolls).
- **Desktop, laptop, or tablet computer purchases.** These purchases must be made through the applicable college or departmental CWP/Computing representative. You may also contact Mike Voss in Procurement Services (mvoss1@nd.edu, 631-9510) for more information.
- **Telecommunications services**, including cellular and internet access contracts
 - Airport or in-flight Wi-Fi is considered a travel-related expense and thus should be charged to a Travel Card or personal credit card and included in the expense report for the trip.
- **Cash advances/travelers checks, Diner Dollars.** These transactions require further follow up regarding the ultimate use of the funds which would not necessarily be part of the submitted monthly statement report.
- **Donations** (these require special handling and should always be cleared through the Office of the Executive Vice President in advance).

The following Procard transactions are **prohibited without prior approval**:

- **Hazardous Materials**
Certain laboratory materials such as chemicals, biological materials, radioactive materials, or other items classified as hazardous should not be purchased using a Procard. If exceptions are required, please contact Procurement as the purchase of such materials may require Risk Management approval prior to purchase.
- **Purchases over \$10,000**
Purchases above \$10,000, classified as Small Purchases or Simplified Acquisitions Threshold, are subject to the University's Procurement's policy requiring three quotes for Small Purchases (\$10,000 to \$149,999), and a Request for Proposal (RFP) for Simplified Acquisition Threshold, which is everything over \$150,000. . Exceptions may be made for certain items meeting the criteria for Sole Source justification. Please review the policy at https://buy.nd.edu/assets/277692/ug_summary.pdf or contact Procurement at 631-4289 for further information

- **Gift Cards**

Any gift card (in any amount) purchased for a University employee with University funds is always considered **taxable** to the recipient according to IRS regulations. Thus, any gift card used for this purpose—regardless of the method of purchase—must be reported to the Payroll Department. Gift card purchases made via a check requisition or expense reimbursement form provide Payroll with the required information. However, a Procard does not automatically provide this required documentation to Payroll; therefore, **purchases of gift cards with a Procard must be approved by the Procard Administrator in advance.**

If you have specific questions regarding the taxability of gift cards for University employees, please contact the Becky Laskowski in the Tax Department at 631-7051.

- **Notre Dame licensed merchandise**

Any purchase using University of Notre Dame licensed marks or insignia **MUST** be approved first through Notre Dame Licensing—**even if you are using previously-approved designs and vendors** from prior years. Please contact Tomi Gerhold, Director of Licensing, at 631-8306 prior to ordering any licensed merchandise.

Restriction exceptions

Temporary changes may be made related to a Procard's spending limits, transaction limits, or MCC exclusions upon request. Such card adjustments are made by the Procard Administrator, with guidance from the cardholder's business manager.

Procard limits can be tailored to the specific needs of each cardholder. Requests for exceptions should be directed to the Procard Administrator and be clear regarding the reason for the request and the amount, type, and time frame of the requested exception.

Any exception to the default restrictions must be approved and completed by the Procard Administrator and may be rescinded at any time.

The following Procard transactions may be permitted in certain circumstances:

Alcohol

Alcohol purchases should be only for official University functions, and approved in advance. Include a description of the event and the name of the department supervisor authorizing the purchase of alcohol in the Comments box in Concur. Even though alcohol can be a permitted expenditure in exceptional cases, remember that liquor stores remain a blocked MCC. **Alcohol is never permitted to be charged to Grants and Contracts.**

Subscription-based services

Certain departments or individuals may find a legitimate need for certain subscription-based services. These include services such as Netflix, Amazon Prime, or the NY Times on-line. Such services must have an appropriate University purpose and be approved by departmental management (department chair, business manager, etc.).

Subscription-based services (which typically roll over from period to period) should be reviewed annually as to whether they continue to provide a benefit to the University.

Questions regarding allowability of transactions should be directed to the Procard Administrator at 631-4645 or procard@nd.edu.

Sales tax exemption

The University is exempt from sales tax in Indiana and twenty-six other states (including Illinois, Michigan, and Ohio) on certain types of purchases—generally those that are appropriate for the Procard. The University's Indiana sales tax-exemption number (**0001809245 000 0**) is included on the Procard in its logo. The cardholder must provide this tax-exempt number to all vendors at the time of the transaction to ensure that no sales tax is charged. If sales tax is billed incorrectly to the cardholder's account, it is the responsibility of the cardholder to work with the vendor and obtain a credit for the sales tax paid. Reasonable attempts should be made to recover any sales tax paid in excess of \$10.

Purchases outside of Indiana

The Tax Department maintains a complete list of states from which the University has obtained a sales tax exemption. The list, which includes a description of exempt purchase types, the applicable tax-exempt number, and links to a pdf copy of available state tax exemption certificates, may be obtained from the Procard web site (<http://procard.nd.edu>). It is also included here as **Appendix B, State Sales Tax Exemptions**.

Amazon purchases

Since January 2014, Amazon.com purchases delivered to Indiana addresses are charged Indiana sales tax. However, Procurement Services is now supporting a campus-wide Amazon Business account that will avoid Indiana sales tax and eliminate most shipping charges. This is a new program that will replace all current Amazon Prime accounts paid for by colleges and administrative units. Key points of the Amazon Business account are:

- The Amazon Business account is only to be used for buying items from Amazon when a product is not available from one of the University's Preferred Suppliers;
- This program is estimated to save the University over \$10,000 annually;
- The program provides the same Amazon shipping experience as a regular Amazon account for all purchases over \$25;
- Orders less than \$25 will incur shipping charges; and
- Some technology product categories are restricted and require Procurement Services approval before purchasing.

If you do not have an Amazon account for work related expenditures and wish to participate in the new Amazon Business program, please email Mike Voss at mvoss1@nd.edu with your

preferred Notre Dame Email address (this will be your Amazon Business login) and academic or administrative unit.

Please direct any specific sales tax questions or requests for forms to Becky Laskowski, Tax Assistant Director, at 631-7051, or blaskows@nd.edu.

Note: Use of the University's tax exemption for personal purchases is strictly prohibited.

Monthly Statement Submission using Concur

Procard transactions are processed by JPMorganChase within approximately two business days. Chase then provides a file of Procard transactions daily to Concur for posting to individual statement reports. Concur prepares the individual monthly statement reports and updates them for subsequent transactions throughout the month. Following are the general steps to follow in completing and submitting the monthly statement via Concur.

Describe transactions

Each transaction will already have information regarding the date, amount, and merchant. The cardholder is required to augment this information with the following:

- **Expense type** (the general type of expenditure, which should align with a University Account Number). Examples include Supplies (72001), Books (72011), Professional Memberships (72552)
- **Business purpose** (“why” the expenditure is a valid University expense). Please be as detailed as possible. This information must attest to the propriety for University business purposes, or in the case of a Federal grant or contract, the specific benefit to the grant or contract (i.e., allocability).

Purchase documentation

Cardholders must provide adequate documentation with respect to the description, price, and quantity of the item(s) purchased (the “what” was purchased). Verifying documentations (see examples below) must be submitted as a digital image (.pdf, .jpg, .gif, .png, html, .tiff) in Concur. Examples of appropriate verification documents include, but are not limited to:

- Detailed sales receipts;
- Confirming notices;
- Service reports when service is provided by a vendor; and/or
- Detailed packing slips.

Purchase detail in Concur

Some vendors provide descriptions of the specific items purchased to JPMorganChase, which is then passed through to the Concur statement (aka “Level 3 detail”). When this information is available, a “plus sign” will appear on the credit card icon in the transaction detail []. Hovering over this icon will reveal the specific item(s) included in this purchase. Concur will also, by default, automatically paste this detail as the receipt for the transaction and the receipt icon will change from yellow to blue []. **If this Level 3 detail is accurate, the actual receipt image is NOT required to be attached to the statement**—all pertinent information has been passed through to Concur and thus is available for review.

Lost or missing receipt

If a receipt is lost or unavailable, the cardholder should complete the **Procard Missing Receipt Affidavit** (see **Appendix C**), noting all pertinent purchase data, scan it, and attach it to the statement as a receipt proxy.

Submit report

Cardholders may submit a completed monthly statement report to their supervisor at any time after the 10th of the current statement month. The report should be submitted to the appropriate reviewer as determined within the department. Reviewers have seven days to complete their review. After seven days, the report will be returned to the cardholder and placed in his/her Open Reports section in Concur.

Recalling a report

A cardholder may recall a report submitted for review at any time prior to approval. Click on the Recall button in the upper right hand corner of the open report.

Report timing and reminders

Cardholders are required to submit their completed Procard Statement Report monthly. Cardholders are provided several notifications and reminders via Concur automated emails. These include:

- A transaction has been posted to their Concur statement;
- Reminders to complete open statements at various intervals:
 - a current statement after the 25th of the month;
 - a statement outstanding for 15 days;
 - a statement outstanding for 30 days;
 - a statement outstanding for 45 days;
 - a statement outstanding for 60 days.

Cardholders with statements outstanding over 60 days are subject to suspension of Procard privileges.

Responsibilities of supervisor or budget administrator

Although the cardholder has purchase authority on the assigned FOAPAL, **the Supervisor or Budget Administrator (as appropriate) retains responsibility over the budgeted funds.** In order to ensure proper oversight over University funds, Supervisors of Procard holders must review and approve the monthly statement report and supporting purchase documentation for each Procard. This monthly review should include:

- Ensuring all transactions have an appropriate business purpose noted;
- All transactions have proper documentation (e.g., receipt) attached, as required; and
- Proper FOAPAL(s) have been used for each transaction.

Inadequate review and approval practices by the responsible supervisor or budget administrator may result in disciplinary action up to and including termination of employment.

Faculty discretionary research funds

All expenditures made from discretionary funds—including those made with a Procard—must comply with these Procard policies and other applicable University policies. **All items purchased with these funds remain the property of the University.**

Grant and contract expenditures

Grant and contract expenditures can be charged directly to a grant with the Procard. However, such purchases are limited to those costs that can be identified with a particular sponsored project and meet the specified criteria for direct costs: **allowable, allocable, reasonable and consistent**.

- A cost is **allowable** when:
 - It serves a university business purpose, including instruction, research, and public service.
 - It is permissible according to University policy and federal regulations (regardless of whether or not it is a sponsored project).
 - It is permissible (for a sponsored project) according to the terms and conditions of the Sponsored Agreement.
 - Rules for allowability are covered under the Uniform Guidance, or 2 CFR, Part 200 (formerly OMB Circular A-21) (https://www.ecfr.gov/cgi-bin/text-id?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl)
- A cost is **allocable**:
 - For a sponsored project the cost must provide “benefit” to the project.
 - For a gift, it must correspond to the intent of the donor.
- A cost is **reasonable**:
 - If a prudent person would purchase the item at that price.
 - If the cost is necessary for the performance of the activity.
 - Incurrence of the cost is consistent with established university policies and practices.
- A cost is **consistent** when:
 - Like expenses are treated in the same manner in like circumstances.
 - For sponsored projects, consistency means that sponsors pay for costs either as a direct charge or as an F&A cost, not both directly and indirectly. The university establishes policies that, if followed, ensure consistency.

**Grant and contract expenditures must comply with University policy –
even if such policy is more restrictive.**

Only Procard purchases that comply with award guidelines can be charged to a grant. When an expenditure is not allocable to the grant or contract, such expenditure should be charged to an unrestricted source.

*While all Procard transactions must have sufficient documentation to support the description, price, and quantity of the item(s) ordered, **this requirement is particularly emphasized for those on a Federal grant or contract.***

Disputing a transaction

The cardholder is responsible for all transactions charged to his/her Procard. Therefore, the cardholder must ensure receipt of goods and services and resolve any delivery problems, discrepancies or damaged goods with the vendor. Returns should be made directly to the vendor according to vendor requirements. The cardholder is responsible for ensuring that proper credit is posted for any returned items.

If the cardholder notes disputed items, unprocessed returns (credits), or other errors on their Procard statement, it is the cardholder's responsibility to resolve the problem with the vendor. If the cardholder is unable to reach agreement with the vendor, they should contact the Procard Administrator at 631-4645 or procard@nd.edu and describe the nature of the problem, the date, and amount of the transaction. Disputes must be communicated to JPMorganChase within 60 days of the transaction posting date. *Please note that vendors are not permitted to bill your Procard for purchases until the related items have been shipped.*

Fraudulent charges

If the cardholder notes what appears to be fraudulent activity on his/her Procard, he/she should contact JPMorgan Chase or the Procard Administrator immediately. JPMorganChase or the Procard Administrator will cancel the card and reissue a new card. JPMorganChase will work with the cardholder to resolve the case and ultimately process a credit to the account.

With respect to the monthly statement, **the cardholder should not delete the charge**—all Procard activity must be accounted for on the monthly statement. Rather, the following steps should be followed for fraudulent charges that are recorded in the cardholder's monthly statement:

- The transaction's Expense Type should be marked as Supplies (72001)
- Note in the Comments section that the transaction is fraud and being investigated by JPMorganChase.
- When the credit is applied on the current or future statement, the credit's Expense Type should be marked as Supplies (72001) with a similar note in the Comments section.
- There are no applicable receipts to attach.

Procard audits

Audit & Advisory Services will conduct periodic, random audits of Procard statements to determine a cardholder's—and his/her respective department's—compliance with Procard Policies and Procedures. Exceptions noted during these audits will be communicated to the cardholder, his/her supervisor, and the Procard Administrator. These audits will assess attributes such as, but not limited to, whether:

- Procards are being used only by authorized cardholders for allowed University expenses;
- Documentation for all charges is appropriate and complete—especially documentation of business purpose;
- Charges are directed to appropriate general ledger FOAPALS;
- Account statements are being reconciled in a timely manner;
- Account statements are being reviewed and approved in a timely manner;
- Sales tax is properly excluded, where appropriate, on purchases; and
- Supervisors are adequately performing monthly reviews.

Repeated failure to respond to an audit request or significant issues on non-compliance with Procard Policies identified as part of an audit may result in disciplinary measures up to and including immediate suspension or termination of Procard privileges, suspension or termination of employment, and/or legal action in accordance with the terms and conditions of the Cardholder Agreement Form.

Canceling Procards

To cancel a Procard, the cardholder or supervisor should contact the Procard Administrator at 631-4645 or procard@nd.edu. If outside regular business hours, please phone JPMorganChase at **(800) 316-6056** (representatives are available 24 hours a day, 7 days a week).

Appendix A, Restricted Merchant Commerce Codes

Description	MCC	EXCLUDE Transactions
Accessory and Apparel Stores—Miscellaneous	5699	
Accounting, Auditing, and Bookkeeping Services	8931
